This visualization has only illustrative character. The design of this product might be different then shown.

## Ceramic countertop washbasin Zeta Slim 550

A countertop, thin-walled washbasin in an oval shape.

An interesting external design adds an individual character to the washbasin.

Mounting on a countertops or cabinets with the countertop.

We recommend installing an extra extended washbasin standing water taps on a table or a cabinet like CR 015.00, TD 015.00, TD F 015.00, PU 015.00, FL 016.00.

The washbasin must be combined with a fixed washbasin waste plug to prevent water overflow.

Possible supplementation with washbasin wastes: chrome (X01439) or ceramic plug (X01695).
